

# Product Data Sheet - Aisle Markers & Seat Markers

2020 V1

Ecoglo's highly visible photoluminescent Aisle Markers and Seat Markers are designed to readily guide customers to their seats. Working equally well in light, dark and dim conditions they reduce disruption to other customers, increase the efficiency of ushers, and make it easy for a customer to visit concessions or other facilities.

The photoluminescent Aisle and Seat Markers are designed to be visible for the length of a performance (concert, movies, sporting event, etc) to enhance the orderly movement of people to and from their seats. The basic design consists of black text on a glowing background with custom layouts also available.

*Note: SQ63R and SQ63RSP markers can fit into F14 and F15 Step Nosings alongside step edge contrast (as above).*

## Supply
